

## **Emergency Preparedness**

## Merit Badge Workbook

This workbook can help you but you still need to read the merit badge pamphlet.

This Workbook can help you organize your thoughts as you prepare to meet with your merit badge counselor. You still must satisfy your counselor that you can demonstrate each skill and have learned the information. You should use the work space provided for each requirement to keep track of which requirements have been completed, and to make notes for discussing the item with your counselor, not for providing full and complete answers.

If a requirement says that you must take an action using words such as "discuss", "show",

"tell", "explain", "demonstrate", "identify", etc, that is what you must do.

Merit Badge Counselors may not require the use of this or any similar workbooks.

		add or subtract from the official requirements found in Boy Scout Requirements (Pub. 33216 – SKU 637685). quirements were last issued or revised in 2016 • This workbook was updated in May 2017.

specific place.		not in use.	
Walls and beams are free from protruding nails.		Bar across upper bunk beds helps prevent falls.	
Fuses or circuit breakers are the proper size.		Children are taught not to lean against windows or screens.	Ш
Rubbish & flammable materials are in covered metal cans.		Low sill windows have sturdy screens to prevent children from falling out.	
Wastepaper is kept away from furnace and stairs.		Smoking in bed is prohibited.	
<b>วเดแ</b> ง.		Gas and electric heating devices are turned off at bedtime.	

Sample Home Safety Checklist

Poi	ch, Yard, and Garage	<u>N/</u>
	Railings and banisters are sound and inspected periodically.	
	Steps and walks are kept free from ice and snow.	
	Yard/play space are free from holes, stones, glass, etc.	
	Tools and dangerous articles are out of reach of children.	
	Dangerous products & chemicals are kept in original containers in locked storage areas.	
	Wires and low fences are brightly painted or clearly marked.	
	Wells, cisterns, and pits are kept securely covered.	
٦	Disposable materials are not burned outside.	
	An area is marked off in the garage for bicycles, wagons, etc.	
	Lawn mower is equipped with proper safeguards.	
Νc	orkshop	
	Good ventilation exists, especially when sanding or painting.	
	Safety goggles or face mask, and hearing protection are worn when working with or around power tools, and an appropriate eyewash is available.	
	Baking soda is kept handy to neutralize acid burns.	
	All electrical tools are either grounded with three-wire plugs or are double-insulated.	
	Work area is well lit & free of clutter, scraps, rags.	
	All tools have a place & are in their place.	
	Guards are in place on all power tools.	
	A push stick is available for use with power saws.	
	Tools are unplugged when not in use and before changing blades, servicing or	

Nursery	N/A	<u>P</u> (
Bars on cribs are closely spaced – no more than 2 3/8" apart so baby's head cannot slip between them.		
Crib is approved by Consumer Products or similar.		
Crib is free from sharp edges or corners.		_
Crib does not have a "drop" side.		
<ul> <li>Sleeping garments and covers keep baby warm without danger of smothering.</li> </ul>		
Pillows are kept out of bassinet or crib.		_
No thin, plastic material is in or near the crib.		
No toys or objects in or near the crib or within reach of any child under 3 are less than 1 inch in diameter and 2 inches long.		
No toys or objects have small parts that can be removed.		
Children are taught not to give marbles, etc. to younger children.		
Toys are sturdy, do not come apart easily, & have no sharp edges or points.		W
Nontoxic paint is used on baby furniture and toys.		
All houseplants are nonpoisonous.		
Stoves, Furnaces, and Heaters		
Stoves are away from curtains.		
Stoves & furnace pipes and flues are inspected & cleaned annually.		
Gas burners are properly adjusted and free from leaks.		
Gas water and space heaters are equipped with vents or flues.		
Water heater or boiler has a safety valve & is checked yearly.		
Water heater temperature is set below 120 degrees Fahrenheit to reduce the risk of serious burns.		
Flames of gas burners are protected from drafts.		
Insulating shield protects woodwork within 18" of furnace, etc.		
Keep flammable materials away from stoves, furnaces, etc.		
A wrench is stored near the shut-off valve of outside gas line.		
The flue is opened before using the fireplace.		

<b>Electrical Devices and Fixtures</b>	N/A	<u>General</u>	N/A
Electrical fixtures and appliances are located & used beyond arm's length of the sink, stove, tub, shower, or other grounded metal unless outlet is protected by a ground-fault interrupter.		Home has smoke and Carbon Monoxie detectors, with at least one smoke detector in each bedroom, near the kitchen, and in the basement & garage.	
Do not touch electrical fixtures or appliances with wet hands.		<ul><li>Everything has a place and is in its place.</li><li>Stepladders are in good repair and stored out of the way.</li></ul>	
Disconnect seldom-used appliances when not in use.		Window screens and storm windows are securely fastened.	
Household appliances are disconnected before repairs.		Guns are stored unloaded and in locked cases.	
Light bulbs are installed in all lamp sockets.		Guns and ammunition are stored separately.	
All pull-type sockets have an insulating link.		Children are permitted to use only blunt-end	
Frayed or worn electric cords are promptly		scissors.	
replaced.  Long trailing cords are not in evidence.		Housework clothing has no drooping sleeves, sashes, or frills.	
Cords are kept out from under rugs, doors,		Shoes worn for housework have low heels.	
and furniture.		All shoes are in good repair.	
UA-approved extension cords are the proper size.		Kerosene, gasoline, paint thinners, and other volatile materials are stored outside in	
Children are taught never to touch electric sockets or fixtures.		special, clearly marked metal containers.	
Fuses are adequate for the load and are not bypassed.		<ul> <li>Oil mops, dust rags, painting equipment, and other oily materials are stored outside in open metal containers.</li> </ul>
